Steve-

Thanks very, very much for your help in getting these EPA funds awarded to Penn State to support the work of the Partnership's Modeling Workgroup. This is greatly appreciated by your partners across the watershed as everyone will benefit from this work by our Penn State experts.

Lew-

Can you please call (not email) both Jeff Grimm and Jim Shortle on Monday and ask them both to make it a priority to respond back to Fred Fiscus on his request outlined below. Our PA DEP colleagues have done what they can to award the funds to Penn State, now our Penn State colleagues need to answer in kind.

Thanks, Rich

Rich - we are trying to get your contract processed in advance of EPA awarding the funds.

Good Morning Dr. Shortle,

I had sent the attached Agency Request for the Nitrogen Deposition project the middle of July and I haven't received Attachment #2 back from the University. I was wondering if there was an update on this request?  
Thanks.

Fred Fiscus

Good Morning Dr. Shortle,

Attached is Attachment 1 (Agency Request - Work Plan) for the Nitrogen Deposition project that you, Dr. Boyer and Mr. Grimm proposed. Please submit Attachment 2 (Draft University Response) for our review.

Please let me know if you have any questions. Thanks.

Fred Fiscus
